This Office action is in response to applicant's amendment received on 20 November 2006.

### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

**In the Claims:**

Cancel claims 14-18.

3. This application is in condition for allowance except for the presence of claims 14-18 directed to an invention non-elected without traverse. Accordingly, claims 14-18 have been cancelled.

4. Claims 1-13 are allowed.

5. The following is an examiner's statement of reasons for allowance: Claims 1-13 are allowed because the prior art of record does not teach or suggest, in combination with the other claim limitations, a method that includes the steps of depositing a mobility enhancing silicon material over a semiconductor substrate to form amorphous and crystalline films and then selectively removing the amorphous film with respect to the crystalline film, wherein the crystalline film forms at least a part of a source and a drain of an MOS transistor that has a strained channel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen W. Smoot whose telephone number is 571-272-1698. The examiner can normally be reached on M-F (8:00 am to 4:30 pm).
